ClinicMax, Inc. Exhibits at ASTRO 2012

Monday, October 30, 2012; 5:00 pm (ET); GERMANTOWN, Maryland —
ClinicMax, Inc. has announced that the company exhibited for the first time at the American Society for Radiation Oncology (ASTRO) Annual Meeting in Boston, MA, October 27-30, 2012.

Mr. Agarwal said “The theme for ASTRO’s 54th Annual Meeting was ‘Advancing Patient Care Through Innovation’ which was a perfect fit for ClinicMax’s newly-certified version 12 of its Electronic Healthcare Records system. We were excited for the opportunity to introduce the attendees to our easy-to-use secure web browser-based customizable system.”

“Even though the weather limited attendance, we were able to demonstrate to scores of interested professionals how ClinicMax could minimize their work effort and easily integrate within their existing processes,” he continued.

About ClinicMax, Inc. ClinicMax, Inc. is a Maryland sub-chapter S-Corporation based in Germantown, Maryland. Initially focused on exclusively on radiation oncology software services, ClinicMax expanded its scope to include the development, implementation and support of Electronic Health Care systems and modules for use by a variety individual medical specialties, providers, multi-physician practices, clinics, and laboratories, etc. More information can be found at www.clinicmax.com or by calling (240) 668-4825.
